

**D**avid Cary, the Executive Director of IBMA, presented at ABIM an IBMA White Paper -A New EU Regulatory Framework for Bioprotection Agents: IBMA Vision on How to Improve Regulation in the European Union. As presented by David Cary: "Bioprotection technologies provide effective and innovative plant protection for modern agriculture. This makes them a vital tool in the EU's work to support farmers and effectively implement the Sustainable Use of Pesticides Directive (SUD, Directive 128/2009/EC)." **Willem Ravensberg, IBMA President declared:** "This new approach would benefit human health, the environment, biodiversity and the bio-based circular economy and, therefore, society as a whole."
